The Boer Commandant General On An Invasion of Cape Colony.

HE IS IRRECONCILABLE

British Negotiations With Gen. Botha For Surrender of the Boers Failed Signally.

President Steyn Even Refused to See the Bearer of the Flag of Truce.

Pretoria, Nov. 1.—Intelligence has reached here that Commandant Gen. Botha is marching with a strong force to invade Cape Colony near Kenhardt.

COMMANDANT BOTHA.

where, it is said, the irreconcilable Boers are ready to join him.

The British negotiations with Gen. Botha for the surrender of the Boers failed signally. Botha received Gen. Paget's flag of truce courteously and admitted his defeat, but said it was impossible to treat for surrender as long as the burghers wished to continue the war. President Steyn was more irreconcilable. He refused even to see the bearer of a flag of truce.

Cecil Rhodes will oppose the settlement of Boers in Damaraland; but he will welcome them to Rhodesia and will grant favorable terms after the war to induce them to settle there.

An Embargo On Gold.
Hamburg, Nov. 1.—The provincial court has laid an embargo upon bar gold of the value of 2,500,000 marks which arrived at Cuxhaven yesterday on the imperial mail steamer Bundesrath from Delagoa Bay. This step was taken, it is alleged, for the sole purpose of reimbursing insurance companies here for gold withheld by the Transvaal government during the war.

Preparing to Receive Kruger.
Marseilles, Nov. 1.—The Kruger reception committee has issued an appeal to the population to participate in the demonstrations that are being arranged for Mr. Kruger's reception, but to abstain from "hostile acts or words toward a nation friendly to France."

FASTEST SHIP AFLOAT

Private Vessel That Will Make Fifty Miles An Hour.

New York, Nov. 1.—Charles B. Flint's Arrow, under contract to be the fastest ship ever designed, was launched yesterday at Ayers' shipyard at Nyack, N. Y. She has been built under a guarantee by her designer of 42 miles an hour, and it is expected that under pressure she will be able

Night Work.

Extra strain needs extra strength. When a man begins to add to his hours of labor, and subtract from his hours of rest, he is putting an extra strain on brain and body. In such cases many men make the serious mistake of using stimulating liquors, or alcoholic medicines. These can only injure. The spur forces on the horse, but does not strengthen him. Stimulants are only spurs. The need of the body is strength. Dr. Pierce's Golden Medical Discovery is invaluable to overworked men and women. It strengthens the stomach, increases the blood supply, nourishes the nerves, and gives vital power to brain and body.

There is no alcohol in "Golden Medical Discovery." It contains no opium, cocaine or other narcotic. It is strictly a temperance medicine.

Mr. Edward Jacobs, of Marengo, Crawford Co., Indiana, writes: "After three years of suffering with liver trouble and malaria I gave up all hopes of ever getting stout again, and the last chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I am stout and hearty. It is due entirely to your wonderful medicine."

Dr. Pierce's Common Sense Medical Adviser, 100¢ pages sent free on receipt of stamps to pay cost of mailing only. Send 21 one-cent stamps for paper covered, or 31 stamps for cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

to make so. It has been generally given out that she was constructed as a yacht for Mr. Flint's personal use, but rumors have been persistent that she was built under contract with one of the South American governments for service as a torpedo boat. Her plans, so far as they have been made public, show her fully equipped for torpedo service. The Arrow will go in tow to Newark, N. J., where her shafting and engines will be put in. Her destination after she is fitted out at Newark has not been announced.

He Wanted to Die.

Marysville, O., Nov. 1.—Rosslyn H. Ferrill, who was found guilty of murder in the first degree, without recommendation to mercy, attempted to commit suicide by smothering. He wrapped the bed clothing about his head tightly and turned on his face. When his purpose was discovered the guards pulled the clothes off, while Ferrill fought to prevent their removal.

Chicago Thieves Are Bold.

Chicago, Nov. 1.—While William Frey, a resident of Ravenswood, a suburb, was making a deposit of \$700 in the First National bank yesterday he was robbed of all his money by two men, one of whom attracted his attention, while the other did the stealing. Frey had laid his money on a window sill and did not discover his loss until the thieves had escaped.

EXCEEDED THE LIMIT

Tarrant & Co. Will Be Held Responsible For Explosion.

New York, Nov. 1.—A revision of those persons missing and thought to have perished in the explosion and fire at Tarrant & Co.'s drugstore shows 26 unaccounted for. Of this number four are not known at the addresses given by persons reporting them missing. Out of the whole number eight are put down by the police as employees of Tarrant & Co.

Not a single body has been found in the ruins though what looked like parts of bodies, have been dug out. It begins to look as if what remains are in the mass of debris which still cumber the place, will be totally unrecognizable as of human composition, even should the workmen find them. This is because of the tremendous heat caused by the explosion and the fire and the fusing of materials which running together form a mass of all sorts of stuff. For instance, what was supposed to be parts of bodies taken from the ruins at first turned out on examination to be blackened pieces of melted gum arabic. Another mass was found which the workmen first thought to be melted rubber. The searchers have found in the ruins of the Home Made hotel a number of articles such as books, a handkerchief, a cigar holder, etc., but whether their owners escaped or not, is unknown.

The authorities in the meantime are pushing the investigation into the amount of explosives stored in the building with a view to prosecutions. Secretary Augustus F. Doherty of the fire department, in speaking of the cause of the explosion said: "The combustibles carried by Tarrant & Co., were largely in excess of what were allowed them under the law and their permit granted by the fire department, and in consequence of this fact they have violated the law. By violating the terms of the permit they have committed a misdemeanor, which not only violates their insurance policies, but renders them criminally liable and responsible for the damage to life and property as a result of the explosion. The fire insurance companies cannot be held for this damage."

Deplored at Santiago.
Santiago de Cuba, Nov. 1.—Colonel Whiteide has not received orders discontinuing this military department, but the unofficial advice on the subject are accepted, and business men generally deplore the outcome. They point that Santiago's interests are entirely different from those of Havana and contend that a military headquarters should be maintained here. Every body in Santiago has the utmost confidence in Gen. Wood, but under the military system, Col. Whiteide has been able to adjust many important matters by personal attention.

Anti-Tax Riots.
Vienna, Nov. 1.—There has been serious anti-tax riots in the Sarat district of Roumania. Two local officials were killed and the troops who were sent to enforce payment were resisted by the peasants, who killed eight of them.

Accused of Arson.

Anderson, Ind., Nov. 1.—Leslie Myers is accused of attempting to burn the North Anderson plant of the American Glass company. He made a demand on Charles Eastman, paymaster, for \$110,000, claiming that the company owed him \$400,000, but his request was ignored. Recently he threatened reprisal, and it is alleged, that he slipped into the building and started a blaze in one of the sand rooms. Timely discovery prevented serious loss. Myers has been placed under arrest.

Five Children Burned to Death.
Winnipeg, Man., Nov. 1.—A dispatch from Edmonton states that the house of a settler named Hutsko, at Egg Lake, east, was burned down a few days ago, five little children losing their lives in the building. The father was away, and the mother had gone to a neighbor's, and on returning found the house in ashes. Two of the children belonged to a neighbor.

Anna Gould's Husband Lived High On His American Millions.

A TRUSTEE IS NEEDED

The Countess de Castellane Can No Longer Have a Free Hand With Her Big Fortune.

A French Tribunal Appoints George Gould to Act As His Sister's Trustee.

Paris, Nov. 1.—The civil tribunal has appointed George J. Gould trustee for the Countess de Castellane, his sister. According to the pleadings in the case, her husband, Count Boni, spent 23,000,000 francs in four years, whereas the income from his wife's estate is only 3,000,000 francs.

The action in the case was the result of a suit brought by Mr. Gould against his sister. The court granted his request and appointed him trustee. The proceedings were conducted in secret session, only the bare decision being announced. The Castellanes are now staying in the country together.

Maitre Bonnet, when applying for the trusteeship, informed the president of the court that the countess herself recognized that the expenditures had been too lavish that it was necessary for some one of experience and authority to manage her affairs. He went on to say that, although the countess was a consenting party to the trusteeship, it was desirable that he should furnish precise details.

The income of the countess, he went on to set forth was 3,000,000 francs. Since the marriage 15,000,000 francs had been expended, and the debts now amounted to 22,000,000 francs. The Gould family had met in consultation and unanimously decided to authorize George Gould to make the present application.

With regard to the fitness of George Gould to be trustee, Maitre Bonnet pointed out that his fortune was larger than that of the countess, that authority based on affection would be great, and that no one was better qualified as it was Mr. Gould who was another consideration was the clearing away of the debts would take a number of years and that therefore it would be wise to economize and not to go to the expense of a paid trustee.

The tribunal taking this view, declared the plaintiff "possessed better than any other, of the necessary position to assist the defendant."

FIXING THE DAMAGES

State Department Engaged In Footing Up Chinese Account.

Washington, Nov. 1.—Authoritative denial is made here that the ministers in Peking have already decided to demand \$290,000,000 indemnity. It is stated that this matter has not yet been considered.

The ministers and the Chinese envoys are trying to settle the punishment of the Boxer leaders, and it is understood that Mr. Conger is especially desirous to have Prince Tuan executed. It was stated by a high official that the president will be satisfied should Prince Tuan be degraded and exiled. Germany, however, wants him beheaded.

No very vigorous steps have yet been taken to estimate the indemnity China should pay the United States. The war department is preparing to collect information as to the cost of the expedition to China, reports of the religious denominations whose missionaries were killed and injured, and missions were destroyed are being conferred with Messrs. Conger and Rockhill and private citizens, whose property was destroyed have submitted claims to the state department, but they have all been notified that such action is premature.

A Rumored Confession.

New York, Nov. 1.—Charles F. Jones, who is confined in the Tombs charged with forgery in connection with the will of Millionaire William M. Rice, was taken from his cell to the district attorney's office yesterday afternoon, where he was closeted with Assistant District Attorney Osborne, Capt. McClusky of the detective bureau, Counsel Baker for the Rice estate, and a number of other persons. It is rumored about the court house that Jones has made a confession.

Gen. McClure Is Dead.

Louisville, Nov. 1.—Gen. Daniel McClure, U. S. A. (retired), died last night of pneumonia. He was a West Point graduate, but resigned from the army and took a prominent part in politics in Indiana before the civil war. Later he was appointed a paymaster in the army by President Buchanan. He served on the staffs of Generals Halleck, Pope, Hancock and Schofield. The funeral will take place tomorrow afternoon at Indianapolis.

An Anglo-German Force.

FORMAL INQUEST

Inquiry Into the Highway Tragedy In Pennsylvania.

Connellsville, Pa., Nov. 1.—The inquest into the death of Paymaster Wilford L. Hosler of the Southwest Connellsville Coke company, and the two bandits who were killed in an attempted highway robbery near Alverton last Tuesday evening was opened yesterday in Mt. Pleasant by Charles W. Wynn, coroner of Westmoreland county. Harry W. Burgess, the colored man who accompanied Hosler, and who shot two of the bandits, killing one, was the principal witness. He said that he had shot in self-defense of himself and of Hosler.

The verdict was that Wilford L. Hosler came to his death by bullet wounds inflicted by revolvers in the hands of Vasil Nikolow, and Tsvodjuzov Bokin, and that John Povitch and Vasil D. Lekitch, alias Sava Jovinov, were accessories before the fact.

Burgess was informed by the coroner that he might go. He will have a trial, however, before the grand jury in the Westmoreland county courts.

THE EARTH SHAKES

Jacksonville, Fla., Had Eight Distinct Earthquake Shocks.

Jacksonville, Fla., Nov. 1.—Eight distinct earthquake shocks were felt in Jacksonville yesterday. The first shook some of the large buildings in the city. Hundreds of people believed that heavy ordinance was being fired in or near the city. At 4:04 o'clock in the afternoon the seventh shock of the day was felt, severer than any of the preceding, followed four minutes later by a report and shock, the severest of the day. The last disturbance made the window panes rattle in several sections of the city.

Hanna In Indiana.

Fort Wayne, Nov. 1.—Senator Mark A. Hanna spoke to two large audiences here last night. He addressed 3,500 people at Princess Rink and a crowd of 1,000 at Y. M. C. A. hall. He was greeted on his arrival by a parade of Rough Riders and factory men. His audiences were largely composed of workmen, and his argument was addressed to them being confined solely to the prosperity issue. His arraignment of Mr. Bryan was very severe, and it followed his declaration that he had been the butt of Mr. Bryan's ridicule, sarcasm and vituperation for four years, and that now, before Mr. Bryan's retirement to private life, he proposed to give him a few parting shots.

Roosevelt's Ovation at Buffalo.

Buffalo, Nov. 1.—The train bearing the Republican vice presidential candidate arrived in this city shortly after 4 o'clock yesterday afternoon. The governor was accorded a splendid reception at this place. From the time of his arrival until the time he retired there was one continuous ovation. French Vessels of War.

Baltimore, Nov. 1.—The French cruisers, La Cecille and La Souchet, the former the flagship of Admiral Richard, arrived in port late yesterday afternoon, having left Annapolis at noon. A number of tugs went down the bay to meet them, but no one was allowed aboard until the vessels cast anchor off the Lazaretto light in lower Canon and the ceremony of exchanging national salutes by the vessels and Fort McHenry was concluded. It is expected that the French vessels will remain at this port about six days.

Porto Rican Registration.

San Juan, Porto Rico, Nov. 1.—Yesterday was the last day of registration for the coming election of a house of delegates, and a commissioner to Washington. It is estimated that the total registration will reach 110,000 though probably 30,000 will be rejected. The federals still firmly assert that they will not go to the polls. No reports of trouble anywhere in the island have been received except news of a small riot at Aguadilla, which was without serious result.

Society Woman Indicted.

Van Wert, O., Nov. 1.—Emma Vanlieu was indicted last evening for murder in the first degree and was immediately arrested and committed to jail. Mrs. Vanlieu threw vitrol in the face of Miss Alice Hammill, the latter dying of her injuries after five weeks of terrible agony. Jealousy was the cause of the crime. Mrs. Vanlieu had been prominent in society.

Cat Wouldn't Let Go.

Elkhart, Ind., Nov. 1.—W. H. Powers, near this city, while visiting his parents in Cass county, expressed his admiration for a massive house cat, and he accepted the animal as a gift on starting homeward. As he picked up the cat the animal fastened its teeth in the thumb palm of his right hand, and refused to loosen its hold. The cat had to be choked to death before the thumb could be released. Mr. Powers' hand is badly swollen, and there is danger that he may lose his arm.

ROYAL BAKING POWDER

No inferior or impure ingredients are used in Royal for the purpose of cheapening its cost; only the most highly refined and healthful.

Royal Baking Powder imparts that peculiar sweetness, flavor and delicacy noticed in the finest cake, biscuit, rolls, etc., which expert pastry cooks declare is unobtainable by the use of any other leavening agent.

Alum is used in making cheap baking powders. If you want to know the effect of alum upon the tender linings of the stomach, touch a piece to your tongue. You can raise biscuit with alum baking powder, but at what a cost to health!

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

AS BAD AS INDIA

Can't Account For It.

Noblesville, Ind., Nov. 1.—The stranger found dead alongside the Lake Erie and Western railroad tracks with his throat cut and his limbs badly mangled, has been identified as Thomas O'Connor, a tailor, whose home is in New Jersey, but who has been employed at Cicero. It is a theory of the coroner that he was killed by a freight train, although he cannot account for the dead man's throat being cut.

Mrs. Faxon Is Sane.

Portland, Ind., Nov. 1.—After being out five hours, the jury in the case of Samantha Faxon, the wealthy widow who married an alleged colored man, and whom it was sought to have declared of unsound mind, that a guardian might be appointed, returned a verdict finding the defendant in full possession of her mental faculties.

COLLEGE ACTIVITIES

Class Rivalries Lead to "Doings" at the Rose Polytechnic.

Terre Haute, Ind., Nov. 1.—The freshmen at the Rose Polytechnic school captured three sophomores, two of whom, Levi and Klefer, were taken to the Highland Lawn cemetery and tied to tombstones, after which the freshmen walked away. After a time Levi freed himself and released Klefer. The other sophomore, Pettit, was put in a boxcar on the Chicago and Eastern Illinois railway, and tied to the floor, but he released himself as the train was starting. Later in the night a crowd of sophomores captured six freshmen and gave them a good spanking. Last week sophomores captured two freshmen, who were taken to the golf links, where their clothing was removed, and they were tied to boards. The freshmen released themselves toward morning, and found their clothing on returning to their rooms.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.
What To Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. REPUBLICAN POLICY.

1896—OPEN THE MOUTH.
1900—KEEP THEM OPEN.

OUR COUNTY BALLOT.

The first name on our county ballot is that of Hon. Nathan Powell, our candidate for congress. He is a man who as representative of the Fourth district in congress would reflect great credit to the district and the state. He is an able man, a public spirited citizen, a thorough gentleman, and a man who would at once rank with the best men in congress. Give him your earnest support.

David M. Alspaugh, our candidate for judge, has proved himself to be an able jurist during the past two years that he has been on the bench. He needs no recommendation to the people of Jackson county, for they all have the utmost confidence in his ability and his honesty and integrity. Let Jackson county give him a large vote.

J. Alfred Cox, candidate for prosecutor, is a capable and deserving young lawyer, a resident of Crothersville. He would make a vigorous prosecutor, one who would do his full duty towards the state and the people.

Edward E. Daugherty, is our candidate for joint senator. He is an industrious young man, who has the confidence and esteem of all who know him. He has shown ability in whatever line of work he has undertaken. He served in the Spanish-American war and has a good record as a soldier. He would represent us well in the state senate.

John H. Kamman, our candidate for representative, is a young lawyer who is succeeding remarkably well in his profession. Honest, intelligent, educated, and well informed on all public questions, he would make a superior representative in the state legislature, and would take high rank with the best men in that body.

Frank Falk, one of the best known and most substantial citizens of Jackson county, is our candidate for treasurer. No man has ever asked for that office who was better equipped to fill it well than is Mr. Falk. He is thoroughly competent and reliable, just the kind of a man the people want to carry their cash.

Joseph Goss has made one of the best sheriffs Jackson county has ever had and should succeed himself. Everybody has confidence in Joe Goss as a man and as an official. Always genial and accommodating, and never neglecting any of the duties of his office. He should be continued as sheriff two years longer.

George Slagle, our candidate for surveyor, is one of the most competent men in that line of work in the state. That fact the people know for he has been doing surveying over the county for many years. He knows the work thoroughly and the people know him and have confidence in him. They will elect him.

Dr. A. M. Veazey, the present coroner, has made a splendid official and should be re-elected. He is a good physician as well as a good officer.

W. J. Durham, our candidate for county assessor, is well known to the people of the county. He is an intelligent and progressive citizen and as county assessor would do his full duty by the taxpayers.

Benj. Carter, of Jackson township, and Wm. Armbruster, of Owen township, are our candidates for county commissioner, and two better or more thoroughly responsible men could not have been chosen. They are the kind of men to elect to serve on the board of commissioners, men who will always protect the interests of the people and at the same time keep the county in the front rank of progress. The voters would do themselves right by electing Carter and Armbruster.

The county council is also very important. The republicans have nominated for this board J. H. Hoda pp, Fred Kasting, M. B. Hendry, D. B. Vance, Wm. Empson, Edward Lester and Frank Stokover, all men whose names commend themselves to the voters. They are just the kind of men to elect to public office.

Be sure that you know how to mark your ballot correctly and see to it that your neighbor is likewise posted.

Do you know Billy Densford, democratic candidate for trustee? If you know him thoroughly you will vote for Joseph H. Brewer, the republican candidate.

POWELL'S MEETINGS.

Enthusiastic Gatherings at Waldkotters and Crothersville.

Hon. Nathan Powell, Hon. Frank B. Shotts, together with local speakers were greeted by a good crowd at Waldkotters grove yesterday. It was a successful meeting and Mr. Powell made many new friends.

Last night Messrs. Powell and Shotts spoke to a great out door meeting at Crothersville. It was the largest crowd seen at a political meeting in Crothersville for many years. Fully 2,000 people were present. The Brownstown band furnished the music. The speakers were given close attention and both made telling speeches. Mr. Powell and Mr. Shotts were wonderfully well pleased with the reception given them. It was a real ovation that indicates how Mr. Powell takes with the people. They are at Medora today and at Freetown tonight.

POLITICAL BREVITIES.

O. H. Montgomery spoke to a large crowd at Milan last night.

John M. Lewis had a good meeting at Rinehart school house last night.

Judge W. K. Marshall and W. J. Durham will speak at Flemings Saturday night.

G. W. Deffenbaugh and wife, of Cairo, Illinois, came here today to visit friends near Farmington.

Frank E. Little, of North Vernon, was given a good meeting at Surprise last night. He made a convincing speech.

Turn out to the big meeting tomorrow night. Hear Hon. Nathan Powell, who will be elected congressman next Tuesday, and Hon. Frank B. Shotts, of Aurora.

NEGLECT the interests of no man on the township ticket. Give every one of them your earnest support until the polls close. They are all worthy men and will perform their duties as officers faithfully and well.

THE "stop thief" cry of Croker, Jones et al. is characteristic, but what weight will such a cry have from Croker, who is at the head of the most corrupt political organization in the world.

JOSEPH H. BREWER, candidate for trustee, Thos. Whitson, candidate for assessor, and every man on the township ticket are honest and capable men. They have lived in the township many years and are well known and highly esteemed by the people. They can be trusted to perform their duties faithfully as officers. Give them your vote and earnest support.

THAT the democratic party has been the relentless enemy of the ex-Union soldier, and that it has stubbornly fought every effort to enact liberal pension laws, are facts revealed by a careful examination of the congressional record on fourteen important pension measures introduced since the civil war and voted on by congress: Republicans for the bills.....1,068
Republicans against the bills.....none
Democrats for the bills.....417
Democrats against the bills.....648

IN 1891 Francis Marion Griffith was a state senator from Dearborn, Ohio and Switzerland counties. As such senator he voted against the anti-trust bill which was known as senate bill No. 46. There were only five other senators who voted against the bill, one of whom was Frank Burke who is now the democratic candidate for congress against Jesse Overstreet. The record of the vote may be found on page 376 of Senate Journal for 1891. This with his vote against the joint resolution in congress for an anti-trust amendment to the constitution shows that Marion Griffith can not be depended on to legislate against trusts.

A Village Blacksmith Saved his Little Son's Life.

Mr. H. H. Black, the well-known village blacksmith at Grahamsville, Sullivan county, N. Y., says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by C. W. Milhous.

A Famous Painting

May be worth millions—or a big pumpkin may take first premium, but Dr. Caldwell's Syrup Pepsin brings more joy every day as it becomes better known and more generally used for Constipation, Indigestion, Sick Headache and Stomach Trouble. Get it at A. J. Pellens.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by C. W. Milhous.

Always Make Love

To your wife! Remember she is just as sweet and dainty now as when you used to hold her by the hand and look into her eyes and tell her she was your only love, your heart's delight. Half the petulance and distress that makes you so irritable comes from Indigestion. You can cure it by taking Dr. Caldwell's Syrup Pepsin. It is guaranteed by A. J. Pellens.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by C. W. Milhous.

October Weather and Crops.

October of this year was a phenom-
enal month, very much the hottest of
record here, with a marked excess of
rainfall and sunshine. Only once did
the mean temperature drop below the
normal; on 28 days it was 10 degrees
higher, on 16 days it was 15 degrees
above, and on four days an excess of
20 degrees above the normal mean was
noted.

Rain fell on six days only; but, on
the 6, the total for the day exceeded
by a fraction the normal precipitation
for the month. Frosts formed on the
17, 18 and 19, but neither was noted as
"killing." The first frost of this sea-
son, very light, formed September 18.
On September 30 of last year, all ten-
der vegetation was frost killed and
thin ice formed.

All corn has matured well, "shuck-
ing" is in progress and the yield, in
bulk and quality, will exceed the
average. More than the usual acre-
age has been sown to wheat, and the
young growth is vigorous and very
promising. Fall pastures are wither-
ed, but live stock is in good condi-
tion. JOHN AULD FORSYTHE.

Pills procured of C. W. Milhous' drug

Halloween Ghosts.

Dr. and Mrs. W. E. Gerrish cele-
brated Halloween by entertaining at
their home a number of "ghosts",
who came out in splendid costume, re-
presenting characters in history and
fiction. The identity of the "ghosts"
was kept a secret during the
early part of the evening. The par-
lors were decorated with pumpkins,
corn husks and other things appropri-
ate to the occasion. An elegant lunch
was served. The evening was delight-
fully spent by all the party.

Says He Was Misunderstood.

The restaurant keeper to whom a
brief communication in the REPUB-
LICAN yesterday referred says that he
thinks the article did him an injustice.
He says he meant no such thing in

further says that all that he said at
all was said jokingly just as he had
often spoken to the same parties fre-
quently during the past few weeks.
He says he does business with the pub-

welcome.

About Tailors and Clothes.

All tailors are not SKILLFUL tailors
Skillful tailors not all CONSCIENTIOUS
Conscientious tailors are not all GOOD
tailors. Durable clothes don't always
possess the right kind of STYLE. Styl-
ish clothes don't always possess DUR-
ABILITY. It takes a great combin-
ation of things to produce the kind of
clothes you should have.
Our reputation is your warranty for
combining all these.
